

1100 WIRELESS COURSE OUTLINE

Instructor-Led Training

COURSE: 1100 Wireless Series

INTENDED AUDIENCE: Installation Technicians, Service Technicians, and Programmers

PURPOSE: Provide attendees with an overview and introduction to DMP's 1100 Series products. We cover the proper installation and testing of various DMP wireless products.

COURSE HOURS: This course consists of a total of **TWO-FOUR (2-4)** hours of interactive classroom training, combining traditional classroom style teaching with hands-on training.

CUSTOMER PROVIDED EQUIPMENT:

- ▶ XTLplus/XTLtouch control panel
- ▶ 9862 keypad (Optional)
- ▶ 1106 wireless universal transmitter
- ▶ Access to DMP's Dealer Admin™/Tech APP
- ▶ Any additional wireless peripherals deemed appropriate
- ▶ Accessory pack

COURSE OBJECTIVES: After completing this course, attendees will be able to:

- ▶ Understand basic features of DMP's 1100 Series Wireless
- ▶ Understand the proper way to install DMP's 1100 Series Wireless
- ▶ Understand the correct way to program DMP's 1100 Series Wireless to fit the job requirements

Training times are estimated. Actual presentation and hands-on training times depends on needs of technicians attending classes.
