

# 8860 7-Inch Touchscreen Keypad

## DEALER SPECIFICATION SHEET

## BENEFITS

### **Two-Way Audio Communication**

The keypad's built-in microphone allows users to hear and speak with visitors at their doors via the V-4061 Video Doorbell.

### **View On-Site Video**

Users can select any of their connected cameras on-site to view live and recorded clips via the keypad.

### **Arm/Disarm Photos**

The 2 MP onboard camera provides an easy way to verify who armed or disarmed the system by capturing snapshots of all arming and disarming events.

### **Area Arming**

From one screen, users can quickly see the arming status of all areas and arm and disarm each one individually.

# 7-INCH TOUCHSCREEN KEYPAD

## SHIELD DISPLAY

The shield will animate when armed, and the interior of the shield will display the type of arming. When disarmed, the shield will stop animating and read Disarmed.

## RED KEYPAD

During an alarm state, the keypad screen turns red. The screen remains red until reset by the user.

## ATTENTION LIST

If an alarm or communication problem has occurred while armed, the main screen displays a white arrow. When pulled down, the attention list displays the zone and event.

## SCREEN CLEANING OPTION

Tap the Clean Keypad Screen icon displayed in the carousel menu's Options. The screen locks for 40 seconds, giving users time to clean the touchscreen and housing.

## WEATHER INFORMATION

Up-to-date weather information for today and tomorrow displays on touchscreens installed with network or cellular connected panels.

## "FALSE ALARM?" OR CANCEL/VERIFY™

In a Home/Sleep/Away or All/Perimeter system, you can CANCEL a burglary alarm or VERIFY that a valid burglar alarm has occurred. You can also answer whether it is a false alarm with YES or NO. Selecting VERIFY or YES manually verifies that an alarm occurred and sends an alarm verification message to the monitoring station.

## UNIVERSAL PROGRAMMING TOOL

The 7" Touchscreen Keypad can be used for system programming.

## Z-WAVE™ SUPPORT

Control your lights, locks and thermostats all from the Carousel menu on the graphic touchscreen keypad.

## CUSTOMIZABLE CAROUSEL MENU
