FIRE COURSE OUTLINE

Instructor-Led Training

COURSE: Fire

INTENDED AUDIENCE: Installation Technicians, Service Technicians, and Programmers

PURPOSE: Provide attendees with an overview and introduction to DMP's fire panel; introduce the equipment, demonstrate the proper installation, and programming methods.

COURSE HOURS: This course consists of a total of **THREE (3)** hours of interactive classroom training, combining traditional classroom style teaching with hands-on training.

CUSTOMER PROVIDED EQUIPMENT:

‣ XR150/550 Fire Control Panel

‣ 630F Remote Annunciator

‣ 1100X Wireless Receiver

‣ 1103 Commercial Universal Transmitter

‣ 277 Trouble Annunciator or 893A Dual Phone Line Module

‣ 866 Style W Notification Module

‣ Access to DMP's Dealer Admin™/Tech APP

‣ Any additional peripherals deemed appropriate

‣ Accessory pack

COURSE OBJECTIVES: After completing this course, attendees will be able to:

‣ Understand the basic features of the fire panel

‣ Understand the proper way to install a DMP fire panel

‣ Understand the correct way to program a DMP fire panel to fit the job requirements

Training times are estimated. Actual presentation and hands-on training times depends on needs of technicians attending classes.
