## MyVirtualKeypad.com™ Browser
## March 2015

### Version 1.5.0 Software Update

Effective March 11, 2015, the MyVirtualKeypad.com™ Browser has been updated to Version 1.5.0 (3/11/15).

### Features

### Z-Wave Garage Doors

The MyVirtualKeypad.com™ Browser now supports Z-Wave Garage Doors, such as the model Z-GD00Z-4.
The Locks Screen has been renamed to Doors and now displays Z-Wave Garage Doors, Z-Wave Locks, and Door Devices.

The following control panel software is required to support the Z-Wave garage door feature:

- XR150/XR350/XR550 Series Version 108 or higher

- XT30/XT50/XTL Series Version 121 or higher
