August 2016

Version 1.4.9 Update

Effective August 1, 2016, the Dealer Admin Site (dealeradmin.securecomwireless.com) is updated to Version 1.4.9.

Features**New Authority Types**

The Dealer Admin Site offers new authority type options. When adding a new personnel member or user, dealers can now choose from six different permission sets. See Figure 1. Below is a description of each option currently available:

Admin

This authority type has not changed with Version 1.4.9. Users who are assigned the Admin permission set can edit all dealer and customer settings.

Technical Support/Technician

New with Version 1.4.9, the Technical Support/Technician authority type allows users to access panel programming functions. This feature is designed to accommodate future functionality in upcoming versions of the Dealer Admin Site.

Operator

This authority type has not change with Version 1.4.9. The Operator permission set allows users to provide customer support, but does not allow them to edit dealer settings or create customers or users.

Sales Manager

New with Version 1.4.9, users with the Sales Manager authority type can provide customer support, but they cannot edit dealer settings or create customers or users. This feature is designed to accommodate future functionality in upcoming versions of the Dealer Admin Site.

Sales Person

The Sales Person authority type is also new with Version 1.4.9. Similar to the Sales Manager permission set, users with this authority type can provide customer support, but they cannot edit dealer settings or create customers or users. This feature is designed to accommodate future functionality in upcoming versions of the Dealer Admin Site.

Video Verifier

This authority type has not changed with Version 1.4.9. Assigning the Video Verifier type allows users to only access video verification screens.

Personnel/User Image Added

A personnel image option has been added to the New User for Dealer screen on the Dealer Admin Site. Now, when you add a new user, you can upload an identifying image. See Figure 1. This feature is designed to accommodate future functionality in upcoming versions of the Dealer Admin Site.

The screenshot shows a web form for adding a new user. At the top, there is an 'Email *' field with the text 'kevin@securecomwireless.c'. Below this is an 'Authority' dropdown menu. The dropdown is open, showing a list of options: 'Admin' (highlighted in blue), 'Technical Support/Technician', 'Operator', 'Sales Manager', 'Sales Person', and 'Video Verifier'. To the right of the dropdown, the letters 'es' are visible. Below the dropdown is a preview image of three children on a slide. At the bottom of the form, there is a 'Choose File' button, followed by the text 'No file chosen'. Below that are 'Save' and 'Cancel' buttons.
