Version 182 Update

Version 182 (10/4/18) firmware is now available for download at DMP.com/Dealer_Direct.

Effective October 8, 2018, all XT Series panels will be manufactured with updated Version 182 (10/04/18) firmware. All inventory of XT30/XT50 and XTLplus Series panels will be updated immediately.

Features

Improved Zone Monitor Chime Speed (XTLtouch)

Users will now notice a much quicker activation of the chime sound when a zone is tripped.

Improved 263H (XT30/XT50) and 265H (XTLplus) Communication

On XT Version 172 or higher, an issue was resolved where on rare occasions of a cellular network problem a 263H or 265H modem would stop communicating until the panel was reset.
