Version 2.3.0 Update

Effective August 27th, 2019, Tech APP is updated to Version 2.3.0. The following feature is available:

Feature

Remote Update

The Tech APP now supports updating panels remotely. To update a panel, complete the following steps:

1. Go to the **Customer Summary** screen. Tap **Systems**.
2. In the customer's list of systems, tap the system that you want to update.
3. Tap **Remote Update**.
4. If an update is available, **New Update Available** lists the system's current version and new version. To update the system to the newest available version, tap **Update System**.

Obtaining the New Software

This Tech APP update is available for download, free of charge, from the Google Play™ store and the App Store®.
