Version 2.44.0 Update

Effective April 30th, 2020, Dealer Admin™ (dealer.securecomwireless.com) is updated to Version 2.44.0. The following feature is available:

Feature

Exclude Cameras from Video Verification

Dealer Admin now allows you to exclude specific cameras from Video Verification. To use this feature, Video Verification must be enabled on the system.

When the **Allow Video Verification** toggle is turned on, that camera's clips and live feed are displayed on the central station's Video Verification page. When the **Allow Video Verification** toggle is turned off, that camera's clips and live feed are not displayed on the central station Video Verification page. **Allow Video Verification** is turned on for each camera by default.

To exclude a camera from central station Video Verification, complete the following steps:

Dealer Admin

1. Log in to Dealer Admin.
2. Find the customer and select the relevant account number.
3. The **System Information** page opens. In **Video**, select the camera that you want to edit.
4. Select **Edit**.
5. Turn off the **Allow Video Verification** toggle.
6. Press **Save**.
