Updated Products

Effective July 23rd, 2020, Dealer Admin is updated to Version 2.48.0 and Tech APP is updated to Version 2.10.0. The following feature is available:

Remote Update and Bulk Remote Updates for International Panels

In both Dealer Admin and Tech APP, international panels can now be updated remotely. Dealer Admin and Tech APP automatically detect the panel type and offer to update that panel with the most recent firmware version. In addition to remotely updating individual panels, Dealer Admin enables you to update more than one panel at a time with Bulk Remote Updates.

For more information, refer to the Dealer Admin article "Remote Update a System" or the Tech APP article "Remote Update".

Obtaining the New Software

Tech APP updates are available for download, free of charge, from the Google Play™ store and the App Store®.
