

FEATURE UPDATE | OCTOBER 2018

Version 182 Update

Version 182 (10/2/18) firmware is now available for download at [DMP.com/Dealer_Direct](https://www.dmp.com/Dealer_Direct).

Effective October 8th, 2018, all XR150/XR550 Series panels will be manufactured with updated Version 182 (10/2/18) firmware. All inventory will be updated immediately.

Feature

Improved 263H Communication

On XR Version 172 or higher, an issue was resolved where on rare occasions of a cellular network problem a 263H modem would stop communicating until the panel was reset.
