

## 1165 Wireless Commercial Smoke Detector

August 2017

### Lifetime Buy Notice

There are a limited number of 1165 Wireless Commercial Smoke Detectors available for a final lifetime buy to support the discontinued line of XR100/XR500 Series systems. The 1165 was discontinued on July 10, 2017.

For XR150/XR550 Series systems, we recommended replacing 1165s with 1164 or 1164NS Series Wireless Smoke Detectors. 1164s offer several additional features that 1165s do not. These features include synchronized sounders and a more competitive price point. The 1164/1164NS Series is not compatible with XR100/XR500 Series systems.

If you have any questions, please contact DMP Customer Service at 1-800-641-4282.

### Obtaining 1165 Wireless Commercial Smoke Detectors

1165 Wireless Commercial Smoke Detectors can be ordered by contacting DMP Customer Service at 1-800-641-4282 or by visiting [buy.dmp.com](http://buy.dmp.com).
