Virtual Keypad™ App iPhone
August 2015

Version 4.7 Software Update

Effective August 24, 2015, the Virtual Keypad™ App for Apple iPad/iPhone systems has been updated to Version 4.7 Software.

Features
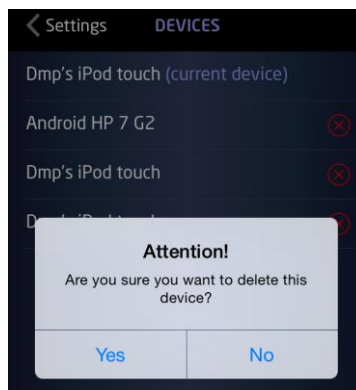

SecureCom Video

The Virtual Keypad App iPhone Version 4.7 now supports the new DMP SecureCom Video cameras:

- V-4010B-1   Indoor/Outdoor Bullet Camera
- V-4020C-1   Indoor Cube PIR Camera
- V-4050D-1   Indoor/Outdoor Fixed Dome Infrared Camera
- V-4030PT-1   Indoor HD IP Motorized Camera

Delete Geofence Devices

The Settings Screen now allows the user to delete devices no longer used with the App from the list of devices displayed when setting up a Geofence. Tap Geofence Devices on the Settings screen. A list of devices that are listed on your Geofence displays. Tap the Delete ⊗ Icon to remove a device. An Attention! pop up will display to confirm deleting the device.

Spanish

The Virtual Keypad App iPhone Version 4.7 now displays text in the Spanish language if the iPad/iPhone has been configured in Settings>General>Language & Region to Español (Spanish).

Obtaining the New Software

Virtual Keypad App updates are available for download free of charge from the Apple App Store.
