

7800 Series Graphic Keypads

March 2014

Version 104 Software Update

Effective March 21, 2014, all 7800 Series Graphic Keypads will be manufactured with updated Version 104 (3/9/14) software. Version 104 (3/9/14) will begin shipping as current inventory of 7800 Series keypads are depleted, which is expected to occur mid April.

Features

Energy Metering Light Modules

7800 Series Graphic Keypads now support Z-Wave Light modules with energy metering capabilities. In the Lights screen, the icon for the energy metering module displays the current power usage of the connected device in Watts and below the accumulated usage in kilowatt-hours. Pressing RESET returns the accumulated usage counter to 0.

This feature is available with the following soon to be released Control Panel software:

- XR150/XR350/XR550 Series Version 105 or higher software
- XT Series Panels Version 118 or higher software

Obtaining the New Software

To update to the latest software, return the 7800 Series Graphic Keypad to DMP and simply indicate "Update to Latest Version Software" on the RMA tag. If you need RMA tags, contact DMP Customer Service at 1-800-641-4282.
