ePAD Software Update
July 2006

Version 201 Software Update

Effective July 2006, all ePADs are being manufactured with Version 201 (6/30/06) software. This version is an update from the Version 201 (10/20/04) software previously shipped and contains updated operation.

Updated Operation

Access Loading

Previously, when the ePad was accessed by a PC, the keypad screen display would occasionally not completely load.

XR500 Connection

Previously, when the ePAD was connected to an XR500, the keypad display on the PC missed keypresses and occasionally irregular characters appeared in the display.

Obtaining the New Software

ePad software update version 201 (6/30/06) is available for download free of charge on the DMP Dealer Direct Website at http://dmp.com/dealer.
