

V-4408D 8-Channel Network Video Recorder

January 2017

Hardware Update

Effective January 10, 2017, the storage capacity of the V-4408D 8-Channel Network Video Recorder (NVR) has been updated from 500GB to 1TB. Updated devices will begin shipping on January 10, 2017.

Increased Storage Capacity

The NVR can now store up to 1 TB of video data. With this increased storage capacity, the NVR can store more video for longer periods of time before the video must be deleted to allow more storage room.

Obtaining the New Hardware

The new NVR can be ordered by contacting DMP Customer Service at 1-800-641-4282 or by visiting buy.dmp.com.
