X1 COURSE OUTLINE

Instructor-Led Training

COURSE: X1

INTENDED AUDIENCE: Installation Technicians, Service Technicians, and Programmers

PURPOSE: Provide attendees with an overview and introduction to DMP's cloud-based access door controller; introduce the equipment, demonstrate the proper installation, and programming methods.

COURSE HOURS: This course consists of a total of **ONE (1)** hour of interactive classroom training, combining traditional classroom style teaching with hands-on training.

CUSTOMER PROVIDED EQUIPMENT:

‣ X1 Door Controller

‣ X1 Output Module

‣ Wired door contact

‣ Access to DMP's Dealer Admin™/ VirtualKeypad.com

‣ Any additional peripherals deemed appropriate

‣ Accessory pack

COURSE OBJECTIVES: After completing this course, attendees will be able to:

‣ Understand the basic features of the X1 access controller

‣ Understand the proper way to install the X1 access controller

‣ Understand the correct way to program an X1 to fit the job requirements

Training times are estimated. Actual presentation and hands-on training times depends on needs of technicians attending classes.
