

# FEATURE UPDATE | SEPTEMBER 2022

## New Features

Effective September 22, 2022, Dealer Admin is updated to Version 2.79.0.

### Programming Templates

With Version 2.79.0, **Programming Templates** has been updated to **Templates**. You can find **Templates** under **Tools**. See the screenshot below.

Additionally, Dealer Admin allows you to:

- Add all programming concepts to a template, including zones, devices, areas, etc.
- Create a template from an existing system's programming
- Apply a template to an existing system's programming
