

Virtual Keypad Update

Virtual Keypad has been updated to include the following improvements:

- App Users Reports
- Profiles Reports
- System Users Reports

This feature is supported for reports to be run for a single system in Virtual Keypad or for all systems in Virtual Keypad ADMIN.

App Users Reports

The **All App Users** report has been updated to include the authority level for each app user.

Profiles Reports

The **All System Profiles** report has been updated to include the number of users with each assigned profile.

System Users Reports

The **All System Users** report has been updated to include the user code and/or internal number.
