

## FEATURE UPDATE | MARCH 2020

### Version 2.6.0 Update

Effective March 4th, 2020 Tech APP is updated to Version 2.6.0. The following feature is available:

### Feature

#### Recommend Nearest Customer

The Tech APP now retrieves all customers within a quarter mile of your location for improved efficiency of service. Customer locations are determined by the system's service address. The Tech APP only accesses your location when you press the **Find Nearest Customer** button.

To view the nearest customers, open the Tech APP and tap **Find Nearest Customer**. To open a specific system, select it from the list.

### Requirements

To recommend the systems nearest to you, the Tech APP (DMP Technician App) requires access to your device's location. For more information about configuring location permissions on your device, refer to the following articles:

- Google Support: [Choose which apps use your Android phone's location](#)
- Apple Support: [Set which apps can access your location on iPhone](#)

### Obtaining the New Software

This Tech APP update is available for download, free of charge, from the Google Play™ store and the App Store®.
