

SCS-VR Virtual Receiver Software

March 2018

Effective March 23, 2018, all SCS-VR Virtual Receiver Software will be updated to Version 1.4.1 (3/5/18).

Inbound Automation Improvement

SCS-VR Virtual Receiver Software now consistently processes all primary and backup inbound automation simultaneously.

Obtaining the New Software

Contact the Software Support Team in DMP Technical Support at 1-888-463-7832 for information on updating to SCS-VR Version 1.4.1 (3/5/18).
