

Virtual Keypad App iPhone August 2013

Version 3.3.1 Software Update

Effective August 1, 2013, the Virtual Keypad™ App for Apple iPad/iPhone systems has been updated to Version 3.3.1 Software.

Updated Operation

Video Display

When a user rotated their device to landscape while viewing live video, the video was resized improperly. Version 3.3.1 resizes the video to fill the screen.

Pan Tilt Camera Control

The camera pan and tilt control sliders now properly align with the edges of the video display.

App Icon

The Virtual Keypad icon has been updated from a keypad drawing to a shield graphic.

Obtaining the New Software

Virtual Keypad App updates are available for download free of charge from the Apple App Store.
