

## Remote Link and System Link

August 2010

### Version 1.55 Software Update

Effective August 2010, Remote Link and System Link are being manufactured with Version 1.55 (8/27/10) software.

### Features

#### SecureCom Flat Rate Data Plan

Remote Link now supports a new SecureCom Wireless, LLC flat rate plan for Level 400 SIM (yellow) cards when used with XT30/XT50 Series panels.

The new XT rate plan is available for panels programmed for Daily Test but with no Opening/Closing and User Reports.

#### SecureCom Text Rate Plans

Remote Link now supports SMS100, SMS200, and In Touch messaging text rate plans for all panels. Previously, selected plans were limited to certain panels.

Text Plans Available:	Available Panels:
SMS100: 100 Messages per month	XTL, XT30, XT50, XR100, XR500
SMS200: 200 Messages per month	XTL, XT30, XT50, XR100, XR500
In Touch Messaging: Unlimited text messages	XTL, XT30, XT50, XR100, XR500

#### XR100/XR500 Version 206

Remote Link Version 1.55 also supports the XR100 and XR500 Series Version 206 software that is to be released at a future date. Additional information to be announced.

### Updated Operations

#### Exit Zone

The Exit Zone Prewarn default for the XT30/XT50 Series panels using panel version 101 or lower now correctly displays 1-5. Previously, an invalid device error would display.

Panels using version 102 or higher have always correctly displayed the Prewarn default 1-8.

### Obtaining the New Software

Remote Link and System Link updates are available for download free of charge on the DMP Dealer Direct Website at <http://dmp.com/dealer>.
