

TECHNICAL UPDATE | OCTOBER 2020

Version 202 Update

Version 202 (10/9/20) firmware is now available on Dealer Admin (dealer.securecomwireless.com) or for download at DMP.com/Dealer_Direct.

Effective November 9th, 2020, all XR Series Panels are being manufactured with updated Version 202 firmware.

Improvements

Communication Status Accuracy

Updated Version 202 firmware (10/9/20) resolved an issue where an XR Series panel would rarely report a **NOT REGISTERED** message during a cell test, but would be communicating over the cellular network normally.

263LTE-FN Support

Updated Version 202 firmware (10/9/20) includes support for the upcoming 263LTE-FN Cellular Communicator.
