

## 780 Keypad Demonstrator Module

March 2013

### Version 103 Software Update

Effective March 19, 2013, all 780 Keypad Demonstrator Modules will be manufactured and shipped with updated Version 103 (3/13/13) software.

### Updated Operation

#### Weather Zip Code

The Enter Weather Zip Code prompt has been removed from 780 programming. Simulated weather information is now always displayed in the status list.

#### Weather Information Display

The Weather Information display has been improved to simulate more realistic forecast data. The information changes each time it is displayed to provide a variety of conditions.

### Obtaining the New Software

To update to the latest software, return the 780 Keypad Demonstrator Module to DMP and simply indicate "Update to Latest Version Software" on the RMA tag. If you need RMA tags, contact DMP Customer Service at 1-800-641-4282.
