

USE DMP TO EASILY UPGRADE NON-DMP PANELS

One platform for your company. One app for your customers.

DualCom offers another path of communication and savings on your SecureCom™ plan.

CellCom vs DualCom

Dealer Level	CellCom-LTE-V	DualComWZ-LV	Difference
1	\$173.80	\$198.00	\$24.20
2	\$159.90	\$182.20	\$22.30
3	\$148.70	\$169.40	\$20.70
4	\$139.80	\$159.20	\$19.40
5	\$132.80	\$151.20	\$18.40
6	\$126.50	\$145.20	\$18.70

Advantages of DualCom vs CellCom

- ▶ Dual path communications
- ▶ IP via Wi-Fi or network on intrusion module
- ▶ No Ethernet cable to run to panel when using Wi-Fi
- ▶ Z-Wave built in — no extra cost of module
- ▶ Save SecureCom fees with network as primary vs cell as primary
- ▶ Honeywell Compass® programming via ECP bus
- ▶ DSC® PowerSeries™ panels compatibility

Service Tier 1	CellCom (monthly)	DualCom (monthly)	Savings
Com. Plan	\$3.90	\$2.90	\$1.00
App	\$3.95	\$2.95	\$1.00
Z-Wave	N/A	\$2.00	-\$2.00

The saving on communication and app off-set the Z-Wave, resulting in a \$0 monthly change to offer more services to ensure happier customers.
