

Isn't it time you
updated your

ALARM?

The latest in Touchscreen Keypads

Elegant Control

The latest in touchscreen control for your security systems offers all that and more! The new intuitive **Graphic Touchscreen** includes all the features and simplicity you expect in a keypad, plus added benefits like the local weather, a scrollable carousel menu, one touch arming and other interactive features.

The graphic Touchscreen Keypad is available in a black and white gloss finish, and allows for codeless arming & disarming so you don't even have to remember your code.
