

FEATURE UPDATE | AUGUST 2020

Version 101 Firmware Update

Effective August 24, 2020, all 7463 Network Keypads are shipping with Version 101 (7/23/2020) Firmware.

Features

XT Series and XTL Series Version 202 Firmware Compatibility

7463 Network Keypads are compatible with XT Series and XTL Series Version 202 Firmware and higher.

For XT panels connected over Ethernet, seven network keypads may be used with device numbers 2-8. For XT Series and XTL Series panels connected over Wi-Fi, one network keypad is permitted with any address other than 1.

Obtaining the New Firmware

To order the new 7463 Network Keypads with Version 101 (7/23/2020) firmware, contact DMP Customer Service at 1-866-266-2826 or by visiting Buy.DMP.com.
